

## EDGE<sub>20</sub>

To create our signature sips, we put on our thinking caps and tried to imagine what classic cocktails would taste and look like if they were born in the tropics. The result of our fearless experimentation is an extensive menu that aims to cover all the bases.

That said, if your favourite cocktail is not on the list or if you'd like to put your own twist on a martini, please ask the team; they love nothing more than to be challenged by a true connoisseur!

We also offer a wide range of premium distilled spirits from around the world, as well as wines by the glass that run the gamut from sweet to dry, and a selection of premium vintages from some of the world's most prestigious vineyards, available by the bottle.

As part of our commitment to environmental sustainability, Anantara is proudly plastic straw free. Natural, biodegradable straws are served with select beverages or upon request.
