# 'Screw it'

Our engagement of the senses neither begins nor ends on your palate. Behold the most spectacular way to open a bottle: the 'Screw It' corkscrew. Built by acclaimed designer and founder of Underwood Co., Ltd. John Underwood on the triple edge of art, engineering and the ridiculous, this machine makes a carefully choreographed show out of popping the cork. Watch how the patience and dedication of the wine makers resonate in the intricate workings of this kinetic sculpture – the corkscrew designed in a way Rube Goldberg could only dream of!

**Screw it!**
